YEARS 5/6 MOTIVATIONAL SPEAKERS & BOMBALA HIGH

WED. 13TH FEB

Your Dream Seminars provide encouragement to young people to live intentionally, addressing a variety of issues young people are faced with. Some issues include:
- Anti-Bullying
- Making Positive Life Choices
- Leadership
- Self Esteem
- Dealing With Failure
- Peer Pressure
- Goal Setting
- Learning Life Skills
- Relationships

Presenter, Darren’s down-to-earth style and humour makes him a highly effective communicator. His story starting from his adoption as a child and through many life choices, both positive and negative, helps many young people understand that it’s not what happens to you in life that determines your destiny but how you respond.
